

Practical Assessment

Student copy

CPCCWHS1001

Prepare to work safely in the construction industry

This resource was developed by:

This document may be edited or reproduced as part of the suite of materials contained on the Trainer's Resource.

Learner's Details	
Student Name:	
Phone:	DOB:
Email:	Student Id/USI:
RTO/Assessor details	
RTO name:	RTO number:
Assessor name:	
Assessment location:	

Note to assessor: Use a mobile phone to record the oral training tasks in this assessment. This will provide evidence of competency.

The practical tasks must be performed by the candidate and directly observed by the assessor in real time, either:

- physically (in person)
- via audio media
- via visual media

Contents

Unit application	1
Assessment conditions	2
Assessor's qualifications	2
Assessment Guidelines	3
Reasonable adjustment	3
Right of appeal.....	3
Practical Assessment.....	4
Assessment result.....	14

Practical Assessment Task 1 – Identify hazards

(PE 1) Identify and orally report two construction hazards

Hazard 1..... (Tick if satisfactory response from candidate)

Hazard 2..... (Tick if satisfactory response from candidate)

Practical Assessment Task 2 – The Hierarchy of hazard control

(PE 2) Orally explain how risk could be reduced or removed in relation to the two hazards you have chosen in Task 1?

- (a) Use the Hierarchy of Hazard Control to help you explain how each of the two hazards you have chosen from the picture could be reduced or removed.

Hierarchy of Hazard Control

Level 1	Eliminate the hazard
Level 2	Substitute the hazard with something safer Isolate the hazard from people Reduce the risks through engineering controls
Level 3	Reduce exposure to the hazard using administrative actions Use personal protective equipment

Hazard 1 (Tick if satisfactory response from candidate)

Hazard 2 (Tick if satisfactory response from candidate)

Practical Assessment Task 3 – Personal protective equipment (PPE)

(PE 3) Select appropriate personal protective equipment (PPE) to control the risk

(a) Explain what personal protective equipment (PPE) you would need to wear to protect you from the two hazards you have identified in Task 1?

Hazard 1 (Tick if satisfactory response from candidate)

Hazard 2 (Tick if satisfactory response from candidate)

Practical Assessment Task 4 – Fitting protective equipment (PPE)

(PE 4) The person must also demonstrate correctly fitting to themselves the PPE listed below:

- eye protection
- hearing protection
- hard hat
- high visibility retro reflective vest.

(a) Demonstrate that you know how to correctly fit each of the following pieces of personal protective equipment:

- Eye protection

(Tick if satisfactory response from candidate)

- Hearing protection

(Tick if satisfactory response from candidate)

- Hard hat

(Tick if satisfactory response from candidate)

- **High visibility retro reflective vest**

(Tick if satisfactory response from candidate)

Practical Assessment Task 6 – Safety signs and symbols

(PE 6) Identify and orally explain the meaning of required safety signs and symbols

(a) Identify and orally explain the meaning of each safety sign or symbol?

(Tick if satisfactory response from candidate)

(Tick if satisfactory response from candidate)

(Tick if satisfactory response from candidate)

Successful completion of course

If you successfully complete the course and it is delivered by a registered training organisation (RTO) you will receive a:

Statement of Attainment

Name _____

has successfully completed

Construction Induction Training

CPCCWHS1001

Awarded this day _____ of 20____

Trainer/Assessor _____ Number (if applicable) _____

Registered Training Organisation (RTO): _____

RTO number: _____
